

2022 Impact Report

Changed lives

Lian* came to America from Burma and is ethnically Zomi. As a rising 3rd grader, he was reading on a Pre-K level. During the 2021-2022 school year, he advanced 7.8 Lexia levels and was reading on a 2nd grade level by the end of the school year.

Ever determined, he continued to advance in the 2022-2023 school year and is now reading on grade level.

Thanks to your generosity and Lian's determination, Lian has a very bright future!

**Ukrainian
Welcome
Project**

When Russia cruelly invaded Ukraine, you stepped up and gave generously to help Ukrainian families seeking safety in America. You've provided substantial resources to three families, all with children. Additionally, you provided case management and support to five other families. We've fielded questions from sponsors and connected generous donors to give directly to families. In all, you've made possible over \$85,000 in support to Ukrainians seeking safety.
